# The Pill™ is the only practice device designed to be played all the way to the hole.

The Pill™ is a putting aid that will only roll when struck with a square face. This modified golf ball is designed to give you immediate feedback on the quality of your putting stroke. If hit improperly the ball will either lean to one side and roll off line, or tumble wildly.

## What people are saying

### Golf Digest

editors pick at  
PGA Show 2013

### Links Magazine

PGA show 2013  
... This year, one  
favourite, is The Pill

### My Golf Spy

"Why didn't I think  
of that?" Some of  
the best training  
aids require no  
explanation...  
I think this is a  
surefire winner

### The Rope

If the way you  
putt is making  
you sick take  
The Pill

### Myrtle Beach Golf's

Five products that should be on your Rader.  
The Pill™ ... one of the coolest products at  
the PGA show... it's a unique and worth-  
while practice tool. It can also be used on the  
course or in the house... this is a must have."

### 2nd Swing

Best moments of the PGA - Its a simple yet  
powerful training tool you can use in your  
living room or on the practice green - at the  
show, we watched it being putt through an  
8 foot break and if your strokes is true it  
will remain upright which is pretty amazing.  
This is definitely something we'll be stocking  
in our retail locations soon.
